## Professional Summary

Junior full-stack web developer skilled in building responsive, data-driven applications using **Vue.js**, **Node.js**, and **SQL**. Strong analytical and problem-solving abilities with hands-on experience developing and deploying RESTful APIs, dashboards, and e-commerce platforms. Passionate about leveraging technology for real-world impact, with growing interest in fintech and data analytics. Eager to contribute to innovative teams while continuing to learn and grow as a developer.

## Technical Skills

**Languages & Frameworks:** JavaScript (Vue.js, Node.js), React, Typescript, Java, TailwindCSS, Dart (Flutter) HTML, CSS, Python (basic), PHP (basic)

**Databases:** MySQL, PostgreSQL

**Tools & Platforms:** Git, VS Code, Render, Netlify, Oracle APEX

**Security:** Authentication, RBAC, bcrypt password hashing

**Core Strengths:** Problem-solving, adaptability, teamwork, Agile development

## Projects

### iLiso – Digital Attendance Tracker | LC Studio (June 2025)

*Vue.js, Node.js, Google Sheets API*

Developed a real-time attendance tracking system with secure authentication and live dashboard updates.

Integrated Google Sheets for real-time syncing and reporting.

Contributed to technical documentation and deployment preparation.

🔗 [GitHub](#)

### PrimeFit – Full-Stack Fitness Platform | Life Choices Bootcamp (Feb 2025)

*Vue.js, Node.js, Express, MySQL*

Designed and built an e-commerce web app for user subscriptions, content, and bookings.

Created REST APIs for authentication, user data, and video integration.

Optimized database queries and frontend responsiveness for smoother performance.

🔗 [GitHub](#) | [Live Demo](#)

### Student Management System | Oracle APEX (Mar 2025)

*Oracle APEX, SQL, Data Visualization*

Created an enterprise-style dashboard for visualizing student and sales data using charts and pivot reports.

## Professional Experience

### **Web Development Intern – LC Studio | 2025 – Present**

Built and maintained features using Vue.js, Node.js, and MySQL.

Assisted with front-end UI and API integration in team-based Agile sprints.

Gained hands-on experience with deployment pipelines and Git version control.

### **Tutor & Admin Assistant – University of the Western Cape | 2022 – 2023**

Tutored first-year students and managed tutorial schedules.

Strengthened communication, leadership, and time management skills.

### **Additional Experience:**

*Customer Service Agent – Amazon (2019–2020) | Sales Assistant – GAME4U (2022–2023) | Construction Intern – Haw & Inglis (2019)*

Developed communication, teamwork, and customer-facing professionalism in high-performance environments.

## Education

### **Life Choices Academy – Full-Stack Web Development Certificate**

*Oct 2024 – Nov 2025*

### **University of the Western Cape – BA in Psychology and Classical Culture (75% Average)**

*Jan 2020 – Dec 2023*
